

INDUSTRIAL CLEANING SERVICES

At Fluid Hygiene our highly trained and experienced teams have the expertise to complete multi-disciplined industrial cleaning projects to the high standards that are expected within these specialist areas of work.

EFFECTIVE CLEANING FOR ALL INDUSTRIAL SITES

Whether it's a food processing plant, a multi-bin grain store or a manufacturing facility, we always deliver a first class cleaning service.

Our industrial cleaning teams are highly trained and can deliver a comprehensive range of industrial and factory cleaning services including silo cleaning, plant room cleaning, ductwork cleaning and confined space cleaning. Of course, we are also happy to deliver a high quality daily contract cleaning service at your industrial site.

SAFE WORKING FOR EVERYONE

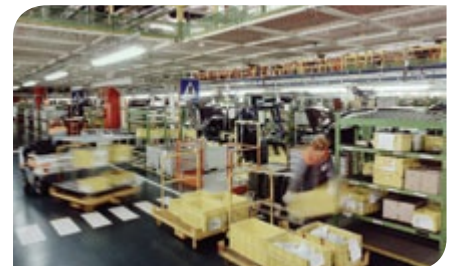

We are SAFEcontractor approved and understand that health and safety is of paramount importance in an industrial setting. Our employees are trained and certified in the use of all specialist equipment. They are also aware of relevant health and safety legislation and are trained in COSHH and the use of PPE equipment.

Before any cleaning work is undertaken a Fluid team leader will conduct a thorough risk assessment to ensure the safety of both our cleaning operatives and your employees. If an accident should occur, we have full public and employer's liability insurance. If you have any questions about our health and safety procedures then we will be pleased to supply more information.

Our specialist services for factories and other industrial settings include:

- Ductwork & Extractor Cleaning
- High Level Cleaning
- Confined Space Cleaning
- Plant & Engine Room Cleaning
- Kitchen/Food Preparation Area Deep Cleaning

“ WITH THEIR EXTENSIVE KNOWLEDGE OF SPECIALIST CLEANING TECHNIQUES, FLUID IS A VERY IMPORTANT SUPPLIER FOR US. WHATEVER NEEDS CLEANING, THEY KNOW HOW TO DO IT SAFELY AND EFFECTIVELY ”
